- Interface HD-SUB15/ 5xBNC and 3x adapter BNC to mini-Koax female
- Connector and signal timing compatible to the control
- Settings via on-screen-menu
- Long-term availability
- Frontpanel black with holes for mounting

Description

The monitors SEM10-F are used as replacement for 12" CRT-monitors monochrome for control multiform 4 of Deckel.

The default timing is compatible to the control, this means after connecting the monitor the visualisation works correctly. Further adjustments can be made via on-screen-menu. Connector and interface for graphic-signal are compatible to the control, so the replacement is easy. Fast and simple replacement in the cutout of the old crt- monitor without any specialized knowledge.
