

SEM10-F Gercom

TFT-monitor 10,4" Gercom

Overview

- 10,4 " TFT / LCD Monitor for Gercom with control 10R-24F12
- Replacement for 12" CRT-monitor in Festo Controlpanels
- connector and signal timing compatible to the control
- settings via on-screen-menu
- long-term availability
- Frontpanel black with mounting holes

Description

The monitors SEM10-F are used as replacement for 12" CRT-monitors in Festo controlpanels with Gercom control 10R-24F12.

The default timing is compatible to the control, this means after connecting the monitor the visualisation works correctly. Further adjustments can be made via on-screen-menu.

Mounting on the threaded bolts on the backside of the panel.

Fast and simple replacement without any specialized knowledge.
